

Not ready to adopt? Try fostering!

If you are not in a position to adopt a rescued animal, consider becoming a foster home. At any given time, Happy Trails has between 200 to 300 animals available for adoption or foster, and both types of homes are equally valuable to our organization!

Our Mission

Happy Trails Farm Animal Sanctuary Inc. is a non-profit 501(c)(3) organization that rescues, rehabilitates, and provides an adoption program for abused, abandoned, and neglected farm animals such as horses, ponies, potbelly pigs, farm pigs, chickens, ducks, turkeys, sheep, goats, and cows. Happy Trails serves the entire state of Ohio and any other state requesting our help, and works in cooperation with county humane societies, animal protective leagues, and local and state law enforcement officers. Animals in our program must have been removed from a situation of abuse, neglect, or abandonment by law officials and cruelty charges must be filed against the person(s) responsible for the crime.

Thinking about Adopting? Visit, spend time, and bond.

Before you decide whether or not to adopt, come and visit. Take a tour, meet the animals, and see if you make a connection.

Happy Trails recommends making several visits to the sanctuary in order to find the right fit between animal and adopter. **The animals at Happy Trails are searching for their forever homes, and it takes time to decide whether or not the animal is right for you.**

Choosing to Adopt: The Process

After visiting with the animals and deciding that you are ready to adopt, there are some things you need to do before you are ready to begin!

First, read the addendum that describes your prospective animal's needs and if they have any health issues. Be sure that you are ready for the responsibility that comes along with adopting.

Second, fill out an application and plan a counselor visit.

Once you have submitted the application an adoption counselor will review it in order to find the best fit between you and the animal.

Third, pay the adoption fee and begin your two-week trial.

The trial period is when you and your animal adjust and get to know each other.

At the end of the trial period you can sign the final adoption papers!

Before the Adoption

Happy Trails will have given all of the medical care possible to ensure the health of the animal.

- Trimmed hooves
- Vaccinations
- Medical treatment
- Dental care
- Regular medical Check-ups

**We also do
out-of-state adoptions!**
